

## StonePepper's Grill | Pittsburgh, PA

Now under construction is a new restaurant franchise with two Pittsburgh locations. StonePepper's Grill is a new family restaurant/sports bar with a modern European atmosphere. The concept features a pasta bar, brick oven, bar and restaurant and offers patrons takeout services or an elegant dining experience.

The interior has been developed with a modern European atmosphere featuring stone walls and exposed structural elements. StonePepper's Grill also utilizes display cooking to entertain and entice guests with steam kettles in the pasta bar and the featured stone clad pizza oven.

The bar area is relaxed and refined with decorative concrete floors, a cherry wood and granite bar and flat screen monitors.
