

Main Building Exterior Restoration Peace College | Raleigh, NC

Main Building , 1857, is the oldest building on the Peace College campus; it is set back from and on axis with Wilmington Street. This dramatic setting establishes a prominent presence for Peace College. This Greek revival structure with Italianate and Victorian accents is listed on the National Register of Historic Places. Main Building is also part of the Blount Street Historic District and designated as a Raleigh Historic Landmark.

The building houses the President's office, chapel, small theater and two foors of student residences.

Celli-Flynn Brennan's restoration work on this historic structure consists of exterior masonry restoration and repair, cornice repair and exterior wood restoration and painting, roofing work to improve watertight conditions, and window restoration and replacement. All of the work was carefully researched to be within the historic character of Main Building's architecture while implementing 21st century building technology.
